DRESSING FOR SUCCESS

MAKING ORDINARY SERVICE EXTRAORDINARY

We all have heard the expression "a picture is worth a thousand words." The picture we create greatly will influence our passengers' first impressions of our Airport. Their impressions (images) are formed from what they see. The images of our employees must express motivation, professionalism and confidence and must project a positive representation of each individual company as well as the Airport. Your appearance and behavior are critical elements that shape a passenger's initial impression. They demonstrate your commitment and dedication to your job. For consistency, we have developed guidelines for all employees to maintain an image that wows our passengers.

The management team at Hartsfield-Jackson Atlanta International Airport is aware that travelers have a choice in their mode of transportation. It is our mission to exceed their expectations, making sure that they continue to choose Hartsfield-Jackson when they travel. In addition to furthering our commitment to "making ordinary airport service extraordinary," these standards have been developed to ensure a picture-perfect approach to service. This brochure contains some examples of expectations, but it is not a comprehensive list.

APPEARANCE STANDARDS

These guidelines apply while you are on Airport property.

- a. Employees will maintain a well-groomed, neat, professional and clean appearance at all times. Personal cleanliness, including proper oral hygiene and the absence of controllable body odors, is a standard. Perfumes and fragrances should be kept at a minimum.
- b. Uniforms will be clean and neatly pressed at all times.
- c. Name tags will be worn, when applicable, at all times.
- d. Shirts must be tucked in.
- e. Pants must be worn at waist level and with a belt, if applicable.
- f. Sunglasses should not be worn indoors unless they are prescribed by a doctor.
- g. Tattoos, brandings or body piercings, other than earrings (a limit of two per ear), should not be visible.
- h. Employees are expected to maintain appropriate and professional hairstyles. Beards, sideburns and mustaches must be clean and neatly groomed. Hair coloring should be within the range of natural hair colors.
- i. Fingernails should be clean, well-manicured, moderate in length and appropriate for the work site.
- j. Jewelry should be conservative and kept to a minimum.

These guidelines are not intended to be an all-inclusive list but, rather, general parameters for proper attire. The success of these standards rests with the good judgment of each individual.
